

PUBLIC LEDGER

WEEKLY REPUBLICAN—1891.
DAILY PUBLIC LEDGER—1892.

MAYSVILLE, KY., FRIDAY, FEBRUARY 2, 1900.

PRICE—ONE CENT.

Maysville Weather.

What May Be Expected Here During the Next Thirty-six Hours.

The LEDGER CODE.

WEATHER CODE:
DARK SKIES—FALL;
DARK SKIES OR CLOUDS—WARM;
BLACK ABOVE—WILL WARMEST;
BLACK BENEATH—COLD—WILL BE;
11 CLOUDS—WILL BE;
THE CLOUDS FORECASTS ARE MADE FOR
THIRTY-SIX HOURS, ENDING AT 8 o'clock tomorrow eve-
ning.

If you have friends visiting you, or if you are going on a visit, please drop us a note to that effect.

Mr. Gordon Sulser is home from Dan-
ville.

W. T. Cummings was in Carlisle yes-
terday on business.

Mrs. Isaac Foxworthy, after a stay at Frankfort, returned last night.

Mr. Edward Cummins returned home
after a very pleasant visit in this city.

Miss Allie Alexander and Mrs. Pink
McMullen returned last night from
Frankfort.

Miss Mollie T. Edmonds left yester-
day afternoon for Chicago, to visit
Mrs. Edward Rector.

Miss Marie Enrall left Thursday for
Columbus, where she will remain with
her brother, C. M. Enrall.

Mr. Charles Fitzgerald is here from
St. Louis to see his father, Mr. Dennis
Fitzgerald, who remains quite ill.

Mrs. Maggie Col and daughter
and Miss Alice Hughes are the guests of
Mr. and Mrs. Henry Crawford of Dover.

Portsmouth—Blade—Mrs. Margaret
Schrieber of East Third street has gone
to Cincinnati to visit her daughter,
Mrs. Kastenreder, after which she
will go to Morehead to visit another
daughter, Mrs. Emma Cahill.

All-wool Carpets 50¢ at Hoechlich's.

If you don't believe Chenoweth's
Heacheure will cure ask your neigh-
bor.

William Squires, aged 72, formerly
of Bectonville, died at his home at
Carlisle Wednesday night, of pneu-
monia. One brother, T. M., of Carlisle
survives.

There is probably no disease or condition
of the human system that causes
more suffering than the common cold. To
cure it, Buckley's Pile Ointment cures
it in a few days. Price, 25 cents in bottles
Tubes, 75 cents. J. Jas. Wood & Son.

The comparative monthly statement
of earnings and expenses of the L. and
N. R. R. for January, 1900, shows that the
gross earnings were \$2,365,596.92. The
expenses were \$1,540,510.60, making the
net earnings \$825,177.32. This is an in-
crease of \$81,674.84 over December, 1898.

The Modern Way
Commands itself to the well-informed to do
positively and effectually what was formerly done
in the most manner of disagreement. To
cleanse the skin, bathe it with the
herbs and fevers without unpleasant after effects, use
the delightful liquid laxative, Syrup of
Pigs. Made by California Pig Syrup Co.

Special Request.

Any person who advertises in the
columns of this paper, or when buying goods from
merchants whose advertisements appear in this paper,
our readers are especially requested to state that they
are the advertiser in THE PUBLIC LEDGER.
This will be nothing, and it will be greatly
appreciated by both the advertiser and the editor.

THE BEE HIVE
NEW MUSLIN
UNDERWEAR!

We have just received an immense shipment of New Muslin Underwear. These goods were purchased about five months ago, and could not be duplicated today within 35¢ of their cost at that time. It is right here where you get the best and the latest in New Muslin Underwear. The reason is that the increase in prices took effect.

NIGHTGOWNS! These are cut high or low at the neck to suit your taste. Trimmed with superb embroidery or lace. All are finished neatly with dainty feather-stitch braid. Prices 40¢ to \$3.25.

CORSET COVERS! We have such a splendid line of Corset Covers

long cloth and India lines, and superbly trimmed. Prices 15¢ to \$2.50, well fitting.

Look in front and tip stores for them. They are all well made and well fitting.

PUBLIC LEDGER
THE DAY'S NEWS IN A DAY

RECENT EDITIONS, FULL PICTURES, TELEGRAPHIC
AND CIRCULARS.

Thomas A. Dugay

OFFICE—Public Ledger Building, No. 42 East Third Street, Maysville, Ky.

SUBSCRIPTIONS—IN ADVANCE.

One Year \$5.00
Six Months \$3.00
Three Months \$1.75

DELIVERED BY CARRIER.

Per Month \$5.00
Payable to Collector at end of Month.

An open enemy is to be admired; an assassin is to be feared of all men.

WE'RE much obliged to Governor TAYLOR for not dumping that Legislature on Maysville.

Ex-GOVERNOR CHURCHILL of Arkansas recently declared himself emphatically for Expansion, and warned the Democratic party, to which he belongs, that it is folly to war against an accomplished fact. "I am a loyal Democrat," he said, "but an American citizen, and I stand by the Flag and the soldier who is fighting for it. Expansion is a Democratic doctrine and we cannot honorably recede from it. I do not see for my life how any Southern man can take any position other than for Expansion. 'Imperialism' means nothing, and is simply used to scare the ignorant. Our Flag is planted in the Philippines and no one is going to haul it down; there it will remain as a beacon light to all Asiatic Nations."

His determination to wage war upon the Filipino insurgents, so long as they are in armed rebellion against the authority of the United States, the President is discharging an imperative duty and is doing only what any other man in his place, Republican or Democrat, would be compelled to do. Should he abandon the islands, as EDWARD ATKINSON and ex-Governor BOUTWELL demand, the Nation would be disgraced in our own and in the eyes of the world. Nor can the President legally hold out to the insurgents Mr. BRYAN's "independence under a protectorate," for no President has the right or power to promise the surrender of a foot of territory which has passed under the sovereignty of the Republic.

THE attack upon Secretary GAGE, entered upon with such a righteous flourish of outraged Democratic trumpetets, has subsided into something that has very much the appearance of a farce. It was hoped by the Democratic wailers to expose a great Administration scandal in calling for an explanation of the transactions between the Secretary of the Treasury and the City National Bank of New York. The Secretary's clear and satisfactory report of the transaction has left nothing for the Democrats to ask. The yellow journals and those smaller Democratic papers which took up the cry against the Administration are now backing off from their position as gracefully as they can. The utter weakness of the charges was shown in Congress when Mr. RICHARDSON, the Democratic leader in the House, took up the question of the sale by Mr. GAGE of the New York Custom-House, and he was so effectively answered by Mr. HOPKINS that the subject was at once dropped.

ESTIMATES as to the aggregate displacement of labor by machinery or the increased productivity of labor due to machinery are mere guesses. MULHALL estimates, however, that five men can now do as much work as eleven did in 1840, and that the working energy of the earth has increased nearly four-fold during the sixty years.

Commissioner WRIGHT, looking at the question with a realization of the impossibility of securing mathematical accuracy, says that it would require from 50,000,000 to 100,000,000 persons in the United States, under the old system, to produce the goods made and do the work performed by the workers of today with the aid of machinery.

In spite of this displacement of labor by machinery statistics show that there has been no evil resulting to the workingman. His wages have increased and skilled labor was never in greater demand than it is today. This is largely due to the fact that the lower prices of manufactured products have resulted in an enormously increased consumption, which has furnished a market for the increased production of the goods.

Thus, for instance, from 1860 to 1890, the most prolific period in this country of inventions, the population

increased 99.16%, while during the same period the number of persons employed in all occupations—manufacturing, agriculture, domestic service, everything—increased 176.0%.

The demand for labor has therefore been far in excess of the increase in population.

The usual effect of machinery on labor is temporary displacement, followed by employment of the few at higher wages and with shorter hours. The increased demand for the product then results in an increased consumption, which brings about the employment of a still greater number of men in the industry. When the industry is entirely abolished some new occupation takes its place.

This is well illustrated in the case of the railroad, which was bitterly opposed by every stagecoach driver and hostler. It now requires 800,000 persons to operate the railroads of America, which means a population of 4,000,000 dependent upon that industry. The stagecoach has been displaced; but the displacement has been nothing compared with the expansion of labor due to the railroads. And there are more horses and more stablemen, coachmen, hostlers and drivers than ever before.

Frequent Coughing

Inflicts the lungs. Foleys' Honey and Salmiatic Syrup will cure it. The ordinary cough medicines will not do this as they keep the lungs irritated in throwing off the phlegm. J. Jas. Wood and Son, M. D., Co.

Mrs. W. L. Piper is very ill with rheumatism at her home at Carlisle.

George L. Goodpaster of Nicholasville recently enlisted in the United States Army at Lexington and was assigned to the First Cavalry at Fort Yellowstone, Wyoming. James H. Taylor of this county also enlisted and was assigned to the United States Cavalry Corps at Presidio, California.

Frost Bites and Chilblains.

Quickly cured by Banner Syrup, the most healing remedy in the world. J. Jas. Wood and Armstrong & Co.

HOMESEEKERS' EXCURSIONS.

On February 15th to 17th and March 1st to

TRYING TO MEET.

Kentucky Legislature Still Kept
From the Capitol Building
By the State Troops.

ANOTHER EFFORT MADE TO GET IN.

The Members Allowed to Enter the Gates But Stopped at the Door of the Building.

Goebel Is Still Alive; But Some of His Physicians Say That He Can Not Possibly Recover—The Leader Events at Frankfort.

Frankfort, Ky., Feb. 2.—The legislature is making progress. Wednesday it was hustled around the town and raced through the streets by the military. Yesterday a small portion of it was turned back at the gate of the state house, and then a temporary stand was reached at the capitol building. Later in the day it breached the door of the building and as a body it has strong hopes that the next attempt will take them into the legislative chambers.

At 5 o'clock printed notices were handed around the lobby of the Capitol hotel, signed by Speaker Trimble, asking all members of the legislature to meet at the west door of the hotel at 6 o'clock, and holding a session in the capitol building.

It was generally understood that admission would be refused, but the democrats determined to demand access to the building as a matter of form and to proceed to Frankfort in any case. At the appointed time the members fell into line and in columns of two, headed by the tall form of South Trimble, the march was taken up toward the state house grounds.

On both sides of the street a large crowd, as Speaker Trimble approached, as the speaker stepped back, lowered their bayonets and allowed the speaker to pass through.

"Are you here?" asked the legislator, seated on the steps.

"I am," replied the speaker, as he started up the brick walk toward the capitol.

The same question was put to the other members, and when it came to the turn of the crowd, the sentries fired the query at every bunch, and every bunch answered in chorus, "I am." The legislature, which on roll call has 132 members, numbering 133, the speaker was at the capitol steps.

Upon the landing at the top of the steps a long line of soldiers was drawn up under the command of Capt. Horace Cochran. Bayonets were fixed, the sentries saluted, and it was evident to Mr. Trimble that it was the moment for negotiations had arrived. Approaching the captain, he said:

"We demand admission to the hall. We are members of the legislature and we hold it to be a violation of our rights to be denied entrance."

Cochran, leader of the house, and Desha, of the senate, also demanded that they be allowed to enter.

"We have orders to admit nobody," replied Capt. Cochran.

"We have a right to enter this hall," said the speaker, "and we demand that we be allowed to do so, in order that we may attend to the business of the state."

"I have orders to admit nobody, and you cannot go in," was the reply.

The speaker turned around and standing upon the top step, he said to the crowd:

"Come here to meet as members of the legislature, and members of Kentucky. We are denied admittance to the building and are repelled by force. I do now declare this session of the legislature adjourned, and it will meet subject to my call."

Down the steps went the speaker, and behind him followed the crowd.

There was no sign of disturbance throughout the incident, everything being conducted in an orderly and dignified manner by the legislators.

The impudent members, who not so much as a single member of the high calling, and were inclined to make certain remarks to the soldiers.

There is very little heard now about London and there seems to be a general feeling that the members of the legislature will be held in the capitol building. There has been no announcement of any intention on the part of Gov. Taylor, but the members seem to have seen his tacit belief that he will receive his invitation of Wednesday before the time set for the meeting at London.

Anomalous letters threatening assassination are going about the mail to members of the legislature. They have been received by the democratic attorney, by the republican attorney and by every judge of the court of appeals. They are all practical of one name, informing the members that unless he fails in the error of his political life he will be shot down.

Occasionally something threatens to stab, but the general trend of assassination sentiment seems to run toward gun powder.

The house is guarded night and day by soldiers and even in the day time the inside blinds on the first floor are kept closed to prevent anybody from being able to fire through the windows with accuracy.

MET IN THE HOTEL.

House Members Assemble, but No Quarrel Was Present; No Business Was Transacted.

Frankfort, Ky., Feb. 2.—At 8 o'clock Speaker Trimble posted a notice in the office of the Capitol hotel calling

members of the house to meet in one of the hotel parlors. Forty-four members had come to the meeting, this being no quorum an adjournment was taken. The meeting was not originally intended as much for business purposes as to serve notice on the military that the legislature was able to meet when it chose. The notice was given in ample time to have allowed the soldiers to prevent the gathering.

The senators also held a short caucus and nominated Senator Carter, of Anderson county, to be president pro tempore of the senate, a position heretofore held by Goebel.

GOEBEL'S CONDITION.

Some of His Physicians Think He Will Recover, While Others Say Such a Thing is Impossible.

Frankfort, Ky., Feb. 2.—Gov. Goebel is still alive and resting easy.

He has half a dozen doctors, and reports of his condition vary according to the last physician who leaves his room. One doctor is confident that he will live, another equally so, while others say he will die in a hour or two before he breathes his last. His strength is maintained to a great extent by injections. He has had several sinking spells, out of which he was brought with some difficulty, and has been very ill recently from each successive collapse. His kidneys have practically ceased their functions, and slight symptoms of pneumonia have appeared, but have not as yet become so serious as to cause alarm in themselves. The doctors as a whole entertain no hope of his recovery.

APPEALED TO MCKINLEY.

Gov. Taylor Asks the President to Intercede in His Behalf With Federal Authority.

Washington, Feb. 2.—Gov. Taylor has sent a communication to President McKinley which is in these terms:

"The members of the legislature are still here, and I have been unable to get them to leave. I have asked the president to intercede with you to get them to leave."

Mr. McKinley's remarkable declaration is that of the members that Great Britain will have in a force of 180,000 regulars in South Africa, 7,000 Canadians and Australasians and 56,000 South African volunteers is received with wonderment. Of this total of 131,000 troops, with 452 guns, all are

LOSSES GROWING

British Casualties at Spion Kop So Far Reported, Number 1, 93 Officers and Men.

FIGHTING MAY HAVE BEEN RENEWED.

It is Believed that Gen. Buller's Forces Are Again Assailing The Boer Lines.

The Boers Are Constructing Defensive Works Opposite Potgieter's Drift—Change of Officers in the British Forces—Latest News.

London, Feb. 2.—Cable reports received during the last 12 hours do not further illustrate the fighting in the various regions. Various independent correspondents confirm the report that Gen. Buller told his troops on January 28 that he hoped to relieve Ladysmith within a week. It is believed in some rather trustworthy quarters that he is again assaulting the Boer lines.

Government for Tuttuia Delayed.

Washington, Feb. 2.—The Samoans is now to be established as a German, richstar and bantamstar. Notification of the favorable action of the United States senate has been sent to Berlin already, and no delay is expected in the German legislative branch.

Mr. Wynnham's remarkable declaration is that of the members that Great Britain will have in a force of 180,000 regulars in South Africa, 7,000 Canadians and Australasians and 56,000 South African volunteers is received with wonderment. Of this total of 131,000 troops, with 452 guns, all are

LIEUT. SCHENCK DEAD.

Killed in an Encounter with the Filipinos near Subig, Province of Luzon, Philippines Islands.

Washington, Feb. 2.—Gen. Ochs has called the following list of casualties to the war department:

Killed—23rd Infantry, January 29, near Subig, Luzon, First Lieut. Wm. T. Boone; Twiss Bronston, Hillard Boone, Wm. T. Boone.

Wounded—58th Infantry, 19th, at Taal, Dasangas, Edward H. Chapin, thigh, severe; Elmer E. Lessor, face; Benjamin N. Chin, arm; Thomas Brown, chest; Edward Weaver, shoulder; Edward E. Bell, leg, severe; Charles William Sisler, arm, slight; Henry W. Sumner, corporal, thigh, moderate.

A further list of casualties published by the war office gives the total from the crossing of the Tugela to the abandonment of Spion Kop to 1,985 officers and men.

Mr. Wynnham's remarkable declaration is that of the members that Great Britain will have in a force of 180,000 regulars in South Africa, 7,000 Canadians and Australasians and 56,000 South African volunteers is received with wonderment. Of this total of 131,000 troops, with 452 guns, all are

Two Negro children named Tamara were burned to death at Augusta, Ga. Their parents had locked them in the house and gone visiting.

Mrs. Marion Page, widow of the late House Page and sister of Thomas A. Edison, died in Chicago. The remains will be sent to Milan, O., for interment.

Mr. Porter, of Indianapolis, law

officer to the Samoans, is on the way to the Paris exposition.

Secretary Root has sent to Congress an estimate of \$6,000,000 for jury work on the South Pass, Mississippi river, for the current year.

Two Negro children named Tamara were burned to death at Augusta, Ga. Their parents had locked them in the house and gone visiting.

Mrs. Marion Page, widow of the late House Page and sister of Thomas A. Edison, died in Chicago. The remains will be sent to Milan, O., for interment.

Correspondents will please give facts as briefly as possible. When anything of great importance occurs use the Telegraph or the Tribune of our expense.

RECTORVILLE.

Mr. Coons of Carlisle is here on business.

Mr. and Mrs. Ward Davenport are visiting friends at Mt. Gilead.

Thomas Rash has returned home after a week's visit to friends near Mayville.

While politicians are storming at Frankfort, Nature is storming at Berea.

Our friend T. F. Goodman has accepted a position with a Cincinnati tobacco firm for which he is to solicit trade in Kentucky, Ohio and Indiana.

All the boats have gone into ice harbors above.

The Big Sandy and Guyan rivers are frozen over.

There are thirty boats now plying the Tennessee river.

The M. P. Wells passed down with a light tow of coal.

There will be plenty of water when a good tow comes.

The Queen City went to the bank upon her arrival at Pittsburgh.

The D. T. Lane left her tow at Vanceburg and went on to Kanawha light.

The ice is becoming most too heavy for safe navigation, and it is expected that the various packets will be forced to tie up.

With a falling river and full of ice that is too heavy for navigation there are no chances for a smile breaking a riverman's face these days.

The Adelle passed down from Parkersburg with a load of coal when it was loaded at Parkersburg. This is practically the first of this coal ever brought down the river. It is mired on the B. and O. road and loaded into barges at Parkersburg.

The owners of a large mill in St. Paul's民主 are making up with the Mississippi Packet Company for the purchase of the big engines of the steamer Jesse K. Bell, which has been out of commission and laid up below Harvey's canal for several years.

Major Charles F. Powell, United States Engineer, preferred charges against Captain Flany Pollock, Master and Commander of the steamer *England*, of being under the influence of liquor January 23d. It is alleged in the typewritten report furnished the steamboat inspectors by Major Powell that Captain Pollock was operating the towboat Nellie England recklessly and that he was drunk. The *England* is the Monongahela river, the boat's tow became unmanageable and crashed against the wall, damaging Government property and causing considerable trouble.

The Big Sandy Navigation Company, which owns the Max Yost, has consolidated with Captain G. Meek's packet interests, the former securing the latter's two boats, the *Theatka* and H. M. Stafford. In addition, they have secured the firm of Argand of Captain Joseph Charlevoix as their agent. The Argand formerly ran on the Big Sandy and is the neatest and best equipped packet that was ever run on the border trade. The consolidation will go under the name of the Big Sandy Navigation Company, and with four boats will practically control all the business of the river.

The Inspectors of steamboats for the Pittsburgh District will have plenty to do within the next thirty days. A number of complaints are being filed daily against the boats, and it is believed that it is alleged, have been violating the marine laws. The main charge is that quite a number of boats are operating with safety valves weighted down, allowing them excess steam. Captain George Atkinson and Isaac Williams, Pittsburg, and several other steamboat men, have been investigating the charges, and after a thorough investigation will file a report with United States District Attorney D. B. Heiner, and then an interesting time is looked for.

The rivermen and those interested in the marine claim that there is no way violating the law, and also claim that they are willing to make affidavits to this effect. General James A. Dumont, Supervising Inspector of Steam Vessels of the United States, may come to Pittsburgh if necessary.

Greenup, Ironon, Russell, Ashland, Cynthiaburg and Huntington now have telephone connections.

Mr. and Mrs. George B. Caywood, who have been making their home at Ewing, will shortly go to Morehead to reside. Mrs. Caywood was formerly Miss Bertha Daniels of this city.

REMOVAL-MILLINERY.

To my friends and patrons: I am now located in my new rooms at No. 4 West Third street, opposite R. B. Lovell's Grocery. Mrs. M. ARCHIBALDSON, Maysville, Ky.

IDENTIFY GEMS.

The Methods Adopted by Jewelers in These Days of Frequent Robberies.

Benton Herald.

In these days of frequent robberies it is well to have some method of identification more sure than that of a simple recognition of one's own jewels. It is next to impossible to pick out one's own ring from a collection of twenty. An expert might do it, but few women can.

The best method is the jeweler's method. Every piece of jewelry that is owned is marked with an identification number. It is scratched by the jeweler as soon as it is bought and entered on his registry books, with a full description of the setting and each stone. Examine your rings with a microscope and see if they are marked.

Whenever an article of jewelry is repaired this number, with its repair registry number, is entered on the repair book wherever it is left. This is true of all articles of jewelry, but is particularly true of diamonds and watches. Every time a watch is cleaned its new number is scratched somewhere on the inside of the case. One can never deceive a jeweler as to the length of time since the watch was last cleaned, as he has it registered in his books.

If you cannot make out a jewelry descriptive list yourself, your jeweler will fill out the registry for you. Your chances of recovery in case of robbery are greatly increased.

To Stop a Cold.

After exposure or when you feel a cold coming on, take a dose of Foley's Honey Tarr. It is a safe and reliable cold if taken in time. Take nothing else.
